

Dear Parents and Campers,

The North Dakota 4-H Program has offered camping as educational experience since 1967. Programs are designed to develop life skills for safe and healthful living, enhance personal development, and provide constructive uses of leisure time. We are committed to providing a safe environment where youth can make new friends and develop new skills.

Our facilities include a main dining hall, an educational center with showering facilities, Butler Outpost multipurpose building and three sleeping cabins. The camp has walking trails along the Missouri River and lots of open spaces to enjoy.

Our staff members are trained in outdoor skills, science, agriculture, and human development to work with youth to ensure a high-quality experience for campers.

In addition to the planned education program, recreational opportunities are included for each camp. Campers enjoy many activities, including our walking trails, fishing pond, kayaking, and archery. Campers especially like the evening campfires, waterslide, and a dance.

Camps begin with check-in at 4 p.m. Central time and end at 11 a.m. Central time unless otherwise stated.

The North Dakota 4-H Camp is on 80 acres of wooded riverfront property 1.5 miles west of Washburn, N.D., and has provided overnight camping to youth for over 50 years.

The camp is located between the Lewis and Clark Interpretive Center and historic Fort Mandan along the Missouri River.
