

COLLEGE OF AGRICULTURE, FOOD SYSTEMS, AND NATURAL RESOURCES

SCHOLARSHIPS

Encouraging and rewarding academic achievement

The College of Agriculture, Food Systems, and Natural Resources (CAFSNR) at North Dakota State University provides one of the best college-based scholarship programs in the Upper Midwest. Colleges of Agriculture around the country frequently have excellent scholarship programs because our alumni and the industries we support understand the value of investing in students.

Many scholarships range from \$200 to \$2,000 per year. Some students receive one or more scholarships every year of their college career, depending on the student's academic performance. The college selectively matches several of its scholarships for gifted incoming freshmen with scholarships administered by the Office of Admission.

Funds* for scholarships are provided by individuals, companies, foundations and organizations that are aware of the commitment a student must make to complete a college education. They established these scholarships to encourage students who are enrolled in CAFSNR to pursue academic excellence. Scholarship recipients and donors are honored at a recognition event held on campus each fall.

The scholarships and awards are divided into three categories:

CAFSNR General Scholarships — awarded to students enrolled in any major or program of study in the College of Agriculture, Food Systems, and Natural Resources

Program Scholarships — awarded through academic units in the college to students enrolled in their specific academic programs

University Scholarships — awarded through the Office of Admission and the Office of Financial Aid and Scholarships to students enrolled in CAFSNR

**All funds must be deposited in the NDSU Foundation in order to be recognized as part of the scholarship program. They act as custodian of the funds and distribute them as authorized by CAFSNR.*

FAQs

Am I eligible?

You are eligible to be considered for a CAFSNR scholarship if you are enrolled as a student in the College of Agriculture, Food Systems, and Natural Resources according to the Office of Registration and Records. Eligibility and awards are contingent on sustained enrollment in the college as a full-time student in good standing through the semester(s) during which the scholarships are disbursed.

Most scholarships are awarded based on scholastic merit, while a few are awarded based on a combination of scholastic merit and financial need. Some scholarships have specific eligibility qualifications.

How do I apply?

Application procedures for entering freshmen

Submit the NDSU Freshman Scholarship Application, complete your admission to NDSU and declare a major in CAFSNR by February 1. Apply online at www.ndsu.edu/admission/financial_aid. Use your NDSU Username and Passphrase to log in.

Application procedures for current NDSU students

Submit the NDSU Scholarship Application online at www.ndsu.edu/onestop/scholarships. Use your NDSU Username and Passphrase to log in. The application will be available beginning November 1. The deadline for submission is March 1.

How are the recipients selected?

Scholarship recipients are selected based on criteria established by donors for each scholarship. Most incoming freshman scholarships are awarded competitively on the basis of scholastic achievement. Current and transfer students are awarded scholarships primarily on the basis of academic performance.

The CAFSNR Scholarship Committee selects recipients for the general scholarships. Program scholarships are awarded through selection procedures established by the each academic unit. University scholarships are awarded through the Office of Admission and the Office of Financial Aid and Scholarships.

Are other scholarships available?

If you are a high school student, check with your counselor for information regarding additional scholarships that may be available to you through civic organizations, foundations, professional organizations and corporations. Once enrolled at NDSU, you also may be eligible for external regional and national scholarships and awards.

- Clarence and Cora Engberg Scholarship – undergraduate in soil science (SSCI[#] or NRGPE[#] track in natural resources management major) or graduate student in soil science; financial need
- Roy A. Erickson Scholarship – graduate student in soil science who has been recognized for academic achievement and professional involvement in soil science; if a qualified graduate student is not available, the award may go to an undergraduate in soil science (SSCI[#] or NRGPE[#] track in natural resources management major)
- Roy Erickson Herbarium Scholarship* – undergraduate or graduate student with interest in herbarium activities
- Adrian C. Fox Conservation Endowment Scholarship – graduate student in range science or natural resources management
- Herbert O. and Doris M. Gliege Memorial Scholarship – full-time undergraduate in the School of Natural Resource Sciences with preference to soil science (SSCI[#] or NRGPE[#] track in natural resources management major); preference to graduate of a ND high school
- Dr. Harold Goetz Scholarship – undergraduate in range science (RNGE[#] or RNLP[#] track in natural resources management major)
- Michael Guenther Memorial Scholarship* – undergraduate in range science (RNGE[#] or RNLP[#] track in natural resources management major), animal science, equine science, veterinary technology, or a graduate student in animal science or range science; cumulative GPA of 2.5 or above; financial need
- Ryan Havelka Memorial Scholarship – undergraduate in range science (RNGE[#] or RNLP[#] track in natural resources management major)
- Dr. Robert A. Henson Agronomy Research Scholarship* – graduate student in plant science, plant pathology, soil science or entomology; cumulative GPA of 3.5 or above
- Ben Hoag Memorial Scholarship – undergraduate in soil science (SSCI[#] or NRGPE[#] track in natural resources management major) or graduate student in soil science
- Brett Hovde Memorial Natural Resources Management Scholarship – undergraduate or graduate student in natural resources management
- Dr. Charles E. Kellogg Scholarship – undergraduate in soil science (SSCI[#] or NRGPE[#] track in natural resources management) or graduate student in soil science
- Matt Kirby Memorial Scholarship – sophomore, junior or senior in range science (RNGE[#] or RNLP[#] track in natural resources management major); cumulative GPA of 2.5 or above
- Lannoye Conservation Scholarship – junior or senior in soil science (SSCI[#] or NRGPE[#] track in natural resources management major); resident of ND; cumulative GPA of 3.0 or above
- Francis LaPlante Soil Health Scholarship* – graduate student in the School of Natural Resource Sciences or Department of Microbiological Sciences; preference to research focus on soil health and/or enhancing soil microbiology
- North Dakota Agricultural Association Scholarship* (Berglund, Dietrich, Kenna, Rongen) – undergraduate in soil science (SSCI[#] or NRGPE[#] track in natural resources management) or crop and weed sciences
- Northern Great Plains Society for Range Management Sharpe Memorial Scholarship – undergraduate in range science (RNGE[#] or RNLP[#] track in natural resources management major)
- Enoch B. and Ruth E. Norum Scholarship – junior or senior in soil science (SSCI[#] or NRGPE[#] track in natural resources management) or graduate student in soil science; cumulative GPA of 3.0 or above
- Raymond V. Olson Scholarship – junior or senior in soil science (SSCI[#] or NRGPE[#] track in natural resources management major); native of ND; financial need
- B. O. “Chub” and Mabel Orton Scholarship* – senior at time of disbursement; undergraduate in range science (RNGE[#] or RNLP[#] track in natural resources management) or animal science; preference to native of ND
- Leonard and Donna Richards Agriculture Scholarship* – sophomore, junior or senior majoring in crop and weed sciences, ag systems management, or soil science (SSCI[#] or NRGPE[#] track in natural resources management major) and relevant to sugarbeet production; cumulative GPA of 2.7 or above

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean’s Office.*

- Luwbia Aranda Rocha Memorial Scholarship* – graduate student in plant science, plant pathology, soil science, horticulture, or cereal science with a degree from University of Puerto Rico, Mayaguez
- School of Natural Resource Sciences Scholarship – students pursuing a major within the School of Natural Resource Sciences
- Mary C. Schuh Memorial Scholarship – graduate student in soil science with at least one year left in degree program; cumulative GPA of 3.5 or above; preference to student who has not received prior scholarships and has mentored others
- A. D. Stoesz Scholarship* – junior or senior in range science (RNGE# or RNLP# track in natural resources management) or horticulture and urban agriculture
- Michael D. Sweeney Scholarship in Pedology – full-time graduate student in soil science or natural resources management with emphasis on inherent soil properties, soil survey or classification, soil landscape relationships or soil hydrology/soil water interactions
- Ralph A. Young Memorial Scholarship – undergraduate in soil science (SSCI# or NRGPE# track in natural resources management)

Tracks in the Natural Resources Management major:

ENT – Entomology

NRGPE – Water, Habitat and Environmental Management

RNGE – Rangeland Ecology

RNLP – Rangeland Livestock Production

SSCI – Soil Science

Plant Pathology

(Graduate program)

- Mark and Mary Andrews Scholarship* – graduate student in a CAFSNR program; native of ND
- Frank Bain Graduate Student Scholarship* – graduate student pursuing a degree in CAFSNR
- Dr. Robert A. Henson Agronomy Research Scholarship* – graduate student in plant science, plant pathology, soil science or entomology; cumulative GPA of 3.5 or above
- H. Arthur Lamey Plant Pathology Scholarship – graduate student in the Department of Plant Pathology; preference to Ph.D. student
- Luwbia Aranda Rocha Memorial Scholarship* – graduate student in plant science, plant pathology, soil science, horticulture, or cereal science with a degree from University of Puerto Rico, Mayaguez

Plant Sciences / Cereal Science / Crop and Weed Sciences / Food Science / Horticulture and Urban Agriculture

(Undergraduate and graduate programs)

- Mark and Mary Andrews Scholarship* – graduate student in a CAFSNR program; native of ND
- Arthur Companies/Joseph B. Burgum Memorial Scholarship – full-time crop and weed sciences major with cumulative GPA of 3.5 or above
- Frank Bain Graduate Student Scholarship* – graduate student pursuing a degree in CAFSNR
- Harry C. Baker Memorial Scholarship – undergraduate majoring in horticulture and urban agriculture; ND resident
- Drs. Duane R. and Patricia T. Berglund Graduate Endowed Scholarship – full-time graduate student pursuing an M.S. or Ph.D. in cereal science or plant sciences
- Dr. Marvin Boerboom Agriculture Scholarship – full-time sophomore, junior or senior in CAFSNR with preference to crop and weed sciences major; preference – graduate of a high school in Lyon, Renville or Douglas County in MN or Cass County in ND

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean's Office.*

- H. L. Bolley Graduate Scholarship* – full-time, U.S. or Canadian graduate student whose M.S. thesis or Ph.D. dissertation focuses on wheat research
- John Breker Crop Science Scholarship – junior or senior majoring in crop and weed sciences with cumulative GPA of 2.5 or above
- Burchill Farms, Inc. Scholarship* – undergraduate majoring in crop and weed sciences or ag systems management with cumulative GPA of 3.5 or above; preference to students from ND
- Jack F. Carter Plant Sciences Graduate Scholastic and Leadership Scholarship – M.S. or Ph.D. student who has completed two academic semesters in plant science, horticulture or cereal science; outstanding scholastic and leadership qualities
- Jack F. Carter Plant Sciences Undergraduate Scholastic and Leadership Scholarship – junior or senior majoring in crop and weed sciences or horticulture and urban agriculture; cumulative GPA of 2.75 or above; outstanding scholarship and leadership qualities
- Larry J. Chaput Horticultural Scholarship – undergraduate student majoring in horticulture and urban agriculture who graduated from high school in ND, SD, MN or MT
- DakotaMB Scholarship – cereal science graduate student with cumulative GPA of 3.5 or above; preference to student with research work focused on fundamental aspects of grain or similar commodities as it relates to end use
- James Dawson Scholarship – crop and weed sciences major who is interested in crop research or production
- Department of Plant Sciences Scholarship – undergraduate student majoring in crop and weed sciences, food science, or horticulture and urban agriculture
- Russell and Anna Duncan Scholarship* – student from ND enrolled in CAFSNR with preference to students from durum growing areas of ND
- Travis C. Engstrom Scholarship – junior or senior crop and weed sciences major from ND; active member of the NDSU Agronomy Club; cumulative GPA of 3.0 or above
- Fick Endowed Scholarship – sophomore, junior or senior crop and weed sciences major from ND or MN with cumulative GPA of 3.0 or above; preference to students with a rural, farming background
- Gustav N. Geiszler Memorial Scholarship – graduate student in the Department of Plant Sciences with an interest in weed science
- Neal and Terry Goerger Crop and Weed Sciences Scholarship – full-time crop and weed sciences major with cumulative GPA of 3.0 or above; graduate of a high school in ND, SD or MN; preference to students involved in extracurricular activities
- Harry A. Graves Scholarship – undergraduate student majoring in horticulture and urban agriculture
- Margaret Haedt Memorial Scholarship in Horticulture – sophomore, junior or senior majoring in horticulture and urban agriculture
- Richard Hebert Scholarship – second-semester freshman, sophomore, junior or senior in the Department of Plant Sciences with preference to crop and weed sciences major; cumulative GPA of 3.0 or above; financial need
- Dr. Robert A. Henson Agronomy Research Scholarship* – graduate student in plant science, plant pathology, soil science or entomology; cumulative GPA of 3.5 or above
- Horticulture and Forestry Club Scholarship* – undergraduate student with cumulative GPA of 2.5 or above who is an active club member; one scholarship for a horticulture and urban agriculture major and one scholarship for a non-major
- Horticulture and Forestry Faculty and Staff Scholarship – full-time sophomore, junior or senior majoring in horticulture and urban agriculture with cumulative GPA of 3.0 or above; demonstrated leadership and career goal orientation in a horticultural discipline
- Hovland-Jensen Scholarship – undergraduate student majoring in horticulture and urban agriculture
- Prem Jauhar Crop Science Research Award* – Ph.D. student with academic and research accomplishments in the field of crop science relating to plant breeding, genetics, or biotechnology

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean's Office.*

- Lars A. Jensen Scholarship – sophomore, junior or senior majoring in crop and weed sciences
- Ruth M. Johnson Scholarship – undergraduate majoring in horticulture and urban agriculture; financial need
- Sam Kuhl Scholarship – undergraduate majoring in food science
- John H. Longwell Jr. Memorial Scholarship – graduate student interested in plant breeding
- The Mainline Potato Company, Inc., Scholarship – undergraduate in CAFSNR with preference to horticulture and urban agriculture major; financial need
- Lisa (Verwest) and Mark Martens Agricultural Scholarship – sophomore, junior or senior majoring in crop and weed sciences with cumulative GPA of 3.25 or above; graduate of a ND high school with preference to Steele, Griggs, Walsh or Mountrail County; preference to students who work full- or part-time or are involved in student activities
- George Meagher Scholarship – junior or senior pursuing a major in Department of Plant Sciences with an interest in plant breeding
- Cal Messersmith Plant Sciences Undergraduate Teaching Scholarship* – junior or senior who qualifies for the Messersmith Undergraduate Teaching Fellowship through the Department of Plant Sciences
- Dwain W. Meyer Scholarship – awarded to one full-time undergraduate majoring in crop and weed sciences, and one graduate student pursuing a degree in plant science
- Devin Miller Memorial Scholarship – plant science graduate student interested in plant breeding of agronomic crops
- Minnesota Institute of Food Technologists Scholarship – undergraduate majoring in food science or graduate student in cereal science; cumulative GPA of 3.0 or above; must meet MN IFT scholarship program requirements
- Charles and Linda Moses Presidential Graduate Fellowship – plant science graduate student entering second year of study with cumulative GPA of 3.25 or above in graduate course work; interested in plant science research
- Dr. John D. and Donna Nalewaja Graduate Scholarship – full-time student pursuing a major in crop and weed sciences or a graduate degree in plant science with an emphasis in weed science
- Louie Nicoli Memorial Scholarship – full-time junior majoring in crop and weed sciences who has a career interest in farming; preference to financial need and student from Barnes County in ND
- North Dakota Agricultural Association Scholarship* (Berglund, Dietrich, Kenna, Rongen) – student majoring in crop and weed sciences or natural resources management with emphasis in soil science
- Henry R. and Corinne (Foley) Peterson Horticulture Scholarship – undergraduate majoring in horticulture and urban agriculture
- H. Donald Piepkorn Scholarship – undergraduate majoring in horticulture and urban agriculture; preference to students with financial need who have been active in 4-H and/or FFA
- Rahr Malting Scholarship – cereal science graduate student with preference to a research project focused on malting and brewing
- Red River Commodities Scholarship – sophomore, junior or senior majoring in food science
- Leonard and Donna Richards Agriculture Scholarship* – sophomore, junior or senior majoring in crop and weed sciences, ag systems management, or natural resources management with emphasis in soil science and relevant to sugarbeet production; cumulative GPA of 2.7 or above
- Bob Roach Memorial Scholarship – full-time undergraduate pursuing a major in the Department of Plant Sciences, whose parents are producers of certified seed in ND or MN
- Luwbia Aranda Rocha Memorial Scholarship* – graduate student in plant science, plant pathology, soil science, horticulture, or cereal science with a degree from University of Puerto Rico, Mayaguez
- Len Sibbitt Scholarship – graduate student in cereal science
- Glenn S. Smith International Graduate Fellowship – international graduate student enrolled in plant science with an interest in plant breeding
- John F. Soper Plant Sciences Scholarship – graduate student in plant science; preference to student with an interest in plant breeding

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean's Office.*

- Loren P. Stangeland Memorial Scholarship* – undergraduate enrolled in CAFSNR who has completed PLSC 425/625 (potato science course); preference to crop and weed sciences major
- Theodore E. and Marguerite Stoa Freshman Scholarship – crop and weed sciences major attaining the highest academic average during their freshman year
- A. D. Stoesz Scholarship* – junior or senior majoring in horticulture and urban agriculture or natural resource management with emphasis in range science
- Aimee Stockman Thapa Horticulture Scholarship – undergraduate majoring in horticulture and urban agriculture with GPA of 3.0 or above; financial need
- Randy and Michelle Thompson Agriculture Scholarship – full-time sophomore, junior or senior pursuing a major in the Department of Plant Sciences with preference to crop and weed sciences; preference to graduate of high school in ND or MN
- W. Allan and H. Lucile Watt Scholarship – junior or senior majoring in horticulture and urban agriculture with cumulative GPA of 2.5 or above; ND resident; financial need

Precision Agriculture Technology and Management / Agricultural and Biosystems Engineering

(Undergraduate programs)

- Clarence and Irene Becker ABEN Scholarship* – student pursuing a major within the Department of Agricultural and Biosystems Engineering
- A. R. Bon Memorial Scholarship* – sophomore or junior majoring in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; ND resident; GPA of 3.0 or above
- E. L. Bon Memorial Scholarship* – undergraduate majoring in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; GPA of 3.0 or above
- F. A. Bon Memorial Scholarship* – undergraduate with at least 26 credits in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; GPA of 3.0 or above; preference to students interested in business, business development or minoring in business related areas such as agribusiness, business administration, accounting
- M. Bon Memorial Scholarship* – full-time undergraduate in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; GPA of 2.5 or above
- Burchill Farms, Inc. Scholarship* – undergraduate in agricultural systems management or crop and weed sciences; cumulative GPA of 3.5 or above; preference to students from ND
- Department of Agricultural and Biosystems Engineering Scholarship* – undergraduate majoring in agricultural systems management, precision agriculture, or agricultural and biosystems engineering
- Department of Agricultural and Biosystems Engineering Freshman Scholarship* – incoming freshman majoring in precision agriculture or agricultural and biosystems engineering
- Robert Fehr Agricultural and Biosystems Engineering Endowed Scholarship* – sophomore, junior, or senior pursuing a major within the Department of Agriculture and Biosystems Engineering; financial need
- Scott and Mary Handy Family Scholarship* – undergraduate in agricultural systems management or agricultural and biosystems engineering; financial need; preference to student from ND or MN; preference to student participating in program offered through NDSU School of Music
- Holmen-Breuer Memorial Scholarship* – junior majoring in agricultural systems management or agricultural and biosystems engineering; scholastic achievement, college activities, and financial need are considered
- Marvin and Doris Jensen Scholarship* – student in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; taking courses leading to a major in water resources engineering and minor in soils, environmental or atmospheric science; preference to ND or MN resident
- Vernon C. Lee Memorial Scholarship* – sophomore or junior majoring in agricultural systems management or agricultural economics

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean's Office.*

- Lundstrom Family Scholarship* – incoming freshman or current undergraduate majoring in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; preference to student from Steele County in ND
- Microsoft TechSpark Scholarship for Precision Agriculture – internship-based scholarship for students majoring in precision agriculture or taking precision agriculture classes
- Walter and Pearl Nyquist Memorial Scholarship* – undergraduate majoring in agricultural systems management or agricultural and biosystems engineering; financial need
- Dr. George and Patti Pratt Scholarship* – undergraduate majoring in agricultural systems management or agricultural and biosystems engineering; financial need
- Bill and Ann (Wick) Promersberger Scholarship* – sophomore, junior or senior majoring in agricultural systems management or agricultural and biosystems engineering
- Leonard and Donna Richards Agriculture Scholarship* – sophomore, junior or senior majoring in crop and weed sciences, ag systems management, or natural resources management with emphasis in soil science and relevant to sugarbeet production; cumulative GPA of 2.7 or above
- Elton Solseng Scholarship – sophomore, junior or senior majoring in precision agriculture technology and management; cumulative GPA of 2.5 or above; financial need; preference to students who are involved in the Bison Antique Tractor Club or Agricultural Technology Expo
- Earl and Dorothy Stegman Endowed Scholarship* – undergraduate majoring in agricultural systems management, precision agriculture, or agricultural and biosystems engineering; GPA of 3.2 or above; financial need; preference to student involved in extracurricular activities or supervised undergraduate research

UNIVERSITY SCHOLARSHIPS

These scholarships are available to students enrolled in the College of Agriculture, Food Systems, and Natural Resources. Recipients are selected by the Office of Admission or the Office of Financial Aid and Scholarships based on criteria established by each scholarship donor.

Information about other university scholarships available to incoming students with a cumulative high school GPA of 3.0 or above can be found at www.ndsu.edu/admission/financial_aid/first_year_scholarships.

- Ag Dean’s Freshman Scholarship – incoming freshman pursuing a major in CAFSNR
- Albin and Emma Anderson Memorial Scholarship – incoming freshman pursuing a major in CAFSNR who is from LaMoure or Dickey County in ND; financial need; if no incoming freshman qualifies, awarded to current student meeting same criteria
- Frank Bain Agriculture Freshman Honor Scholarship – incoming freshman pursuing a major in CAFSNR
- Grace E. Bayliss Memorial Scholarship – incoming freshman majoring in family and consumer sciences education
- Biotechnology and Microbiology Change the World Scholarship – freshman pursuing a major within the Department of Microbiological Sciences
- Stacy and Myron Bjornstad Family Scholarship* – incoming freshman pursuing a major in CAFSNR or College of Business; ACT score of 22 or above; preference to student whose graduating class was less than 100
- John and Margaret Bollingberg Family Scholarship – incoming freshman pursuing a major in CAFSNR; preference to graduate of a high school in Wells, Benson or Foster County in ND; preference to student who received recommendation from high school vocational ag instructor
- Lois Marie Bryson Endowed Scholarship – incoming freshman pursuing a major in CAFSNR; cumulative GPA of 3.5 or above; preference to a high school graduate from ND, MT, SD, MN, IA, Pulaski County in Virginia or Canadian Provinces of Saskatchewan or Manitoba
- Clare and Lisa Carlson Agriculture Scholarship – full-time undergraduate pursuing a major in CAFSNR

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean’s Office.*

- Kent and Jodi Carlson Family Scholarship* – undergraduate student who is a graduate of Killdeer High School in ND; preference to student enrolled in CAFSNR or College of Health and Human Sciences
- CHS Foundation Scholarship – incoming freshman enrolled in CAFSNR; U.S. citizen or legal resident; preference to student demonstrating interest in ag-based cooperatives or planning to pursue a career in production agriculture or agriculture business
- David and Aileen Askegard Clough Agriculture Scholarship – undergraduate student pursuing a major in CAFSNR; cumulative GPA of 3.0 or above; graduate of a ND or MN high school with preference to Wells County in ND
- Harry A. and Gladys M. Davis Agricultural Scholarship – incoming student pursuing a major in the Department of Agricultural and Biosystems Engineering; GPA of 3.0 or above; financial need; graduate of a ND high school with preference to Cass, Barnes or Steele County; preference to student who participated in FFA, 4-H or other leadership activities
- Tim and Sandi Dewald Scholarship Endowment – incoming student pursuing a major within CAFSNR
- Dr. William E. Dinusson Memorial Scholarship – student in CAFSNR or College of Arts and Sciences; GPA of 3.0 or above
- David and Terri Beth Dufault Family Agriculture Scholarship – full-time undergraduate pursuing a major in CAFSNR; financial need
- Doug Dulmage Memorial Scholarship – full-time freshman pursuing a major in CAFSNR; preference to graduate of a high school in Benson, Towner or Ramsey County in ND
- John and Kim Erickson Agribusiness Scholarship – full-time freshman majoring in agribusiness
- Charles E. Gruman Memorial Agriculture Scholarship – incoming freshman majoring in agricultural economics; cumulative high school GPA of 3.0 or above; graduate of a ND high school; preference to student who intends to return to family farm
- Gutenkunst Agricultural Scholarship Endowment – incoming student pursuing a major in animal science, crop and weed sciences, or agribusiness; graduate of a high school outside of ND
- Paul Horn Scholarship – incoming freshman pursuing a major in CAFSNR
- Hulstrand Family Scholarship – incoming freshman pursuing a major in CAFSNR who graduated from a ND high school
- Hunt Family Scholarship – incoming freshman pursuing a major in CAFSNR; preference to children or spouses of Hunt Utilities Group LLC employees or to students with an interest in sustainable agriculture
- Alex Lind Memorial Scholarship – incoming freshman pursuing a major in CAFSNR; student from Williams County in ND or a graduate of Williston High School; if no incoming freshman qualifies, awarded to current student meeting same criteria
- H. R. Lund Freshman Plant Sciences Scholarship – incoming freshman majoring in crop and weed sciences; preference to graduate of a ND high school
- Donald E. Moum Memorial Scholarship – incoming freshman pursuing a major in CAFSNR
- LeRoy M. Naves Scholarship – incoming freshman pursuing a major in CAFSNR; U.S. citizen and current ND resident from the Bismarck area; graduate of a ND high school
- Helen and Elwood R. Nelson Family Scholarship – incoming freshman pursuing a major in CAFSNR; GPA of 3.0 or above; student from ND with first preference from Milnor and second preference from Sargent County
- NDSU Academic Scholarship* – incoming freshman from ND demonstrating strong academic achievement and has declared a major in CAFSNR, College of Business, or College of Engineering
- NDSU Cultural Diversity Scholarship* – incoming freshman with GPA of 2.75 or above; incoming transfer students with GPA of 2.0 or above; U.S. citizen or permanent resident; financial need
- Nystuen Family Scholarship* – junior or senior enrolled in CAFSNR, College of Engineering, or College of Health and Human Sciences; graduate of a ND or MN high school; GPA of 2.5 or above; financial need
- Parish Future of Agriculture Scholarship – freshman pursuing a major in CAFSNR; financial need
- Glenn A. Peterson Memorial Scholarship – incoming freshman majoring in crop and weed sciences

An asterisk () following the name of a scholarship indicates that the scholarship is available to students in more than one department or college. Scholarships and amounts may vary from year to year. The lists of scholarships were accurate at the time of publication. Information about any changes, including new or discontinued scholarships, is available from the CAFSNR Dean's Office.*

- President's Agriculture Club Scholarship – incoming freshman pursuing a major in CAFSNR
- James R. and Anna S. Quick Agriculture Endowed Scholarship – undergraduate pursuing a major in CAFSNR; graduate of a ND high school with preference to Ramsey County; financial need
- Mabeye Sylla Memorial Scholarship* – graduate student in soil science or agricultural and biosystems engineering; preference to graduate of a high school outside the U.S. with preference to Africa
- Fred R. and Hildegard M. Taylor Memorial Scholarship Endowment – full-time sophomore, junior or first semester senior majoring in agribusiness, agricultural economics, or family and consumer sciences education; GPA of 3.0 or above; involved in NDSU student organizations and/or community events or organizations
- Ralph and Loanne Thrane Family Scholarship – incoming freshman or current undergraduate enrolled in CAFSNR or majoring in agriculture communication; graduate of Kindred High School in ND
- Michael Uetz Agriculture Scholarship – full-time undergraduate pursuing a major in the Department of Agribusiness and Applied Economics or Department of Animal Sciences; preference to graduate of a high school in Golden Valley County in ND; financial need
